

PCB Footprint Expert

创建新封装节省高达 95%时间和重建完整库节省 99.9%

升级整个库

- ✓ 迁移到一个 IPC 兼容的库
- ✓ 先进的无与伦比的 **CAD LEAP™ Technology**
- ✓ **Parts on Demand** 数据库 (超过 2 百万零件) with POD subscription
- ✓ 公制与英制互换
- ✓ Easily apply consistency to libraries
 - People with various skills created library
 - Different rules used over time
 - Library developed over many years
- ✓ Easily build consistent, high-quality parts

自动化

- 输出超过 25 种 CAD 格式
- Footprints from datasheets
- 3D 功能超过 50 种不同器件家族
- PADS to CAD translator

简化混乱!

集中修改

Modify any of hundreds of preferences and rebuild your entire library in seconds.

Units (Mils, Micrometers, Inches and Millimeters)

- ✓ Pad Shape (Rectangle or Rounded, Oblong, D-Shape)
- ✓ Rotation (Pin 1 Up, Left, Right or Down)
- ✓ Origin (Centric or Pin 1)
- ✓ Environment Level (Least, Nominal, Most, User)
- ✓ Silkscreen Line Width and Pad to Silkscreen Gap
- ✓ Minimum Pad to Pad Gap or Pad to Thermal Pad Gap
- ✓ Paste Mask Reduction for Thermal Pads
- ✓ Solder Mask Swell or Solder Mask Defined Pads
- ✓ Map Silkscreen and Assembly Outlines to Nominal or Maximum Component Body

管理

Central repository of PCB library data.

Easily manage all library data, created by different people with different skills and tendencies, in a central location on your network. All have easy access to browse, search, and quality control the data files with the FREE Library Expert.

维护

Accurate library data at your fingertips.

Add new component package and logic data to your database in a snap! Sort data by any attribute field - predefined or custom-made! Or just leave the data organized in one of dozens of component families.

制造

Minimize cost of manufacture.

By creating high quality designs the first time, you reduce the work and costs associated with design re-spins.

MASTER

Quickly become an expert at PCB libraries.

Regardless of your skill level, with PCB Libraries backing you up, you create high-quality PCB libraries that look like they were created by professionals with decades of experience. Well, in a sense - *they were!*

MICRO/MACRO FOCUS

Establish specific library parameters across division.

Regardless of your management requirements, you can easily establish and adjust constraints on rules and preferences so everybody builds consistent quality parts that look like they were created by a single professional designer.

MIGRATE

Migrate libraries to a different CAD format much faster.

The PCB Library Expert interfaces with popular CAD tools. Need your libraries in a different CAD format? Open the “master” library in the Library Expert and export!

MAXIMIZE

Max-out both quality and efficiency.

If you dare, the Library Expert promises to help you maximize both. That's right – you don't have to increase one at the cost of the other.

MONETARY BENEFITS

A solution that pays for itself, often after 2 or 3 projects!

PCB Library Expert creates PCB library parts in a fraction of the time compared with manual editing. There are many elements that go into the creation of a high quality library part and the PCB Library Expert auto-calculates and generates everything down to the finest details.
